No. of Students participation (Minimum 40): 43

No. of faculty participation: 05

No. of External participation (if any): NIL

Objective of event (should be related to I/E/IPR): Bringing in a successful business owner or startup founder for a motivational talk has the main goal of empowering and inspiring students with their experiences, real-world insights, and success tactics.

Benefits in terms of learning / skill / knowledge obtained (should be related to I/E/IPR): Students gained knowledge of the successful leadership philosophies and tactics used by business owners. Strong leadership abilities will be developed with the use of this knowledge.

Critical Thinking and Decision-Making: Students' critical thinking abilities will be enhanced by learning about entrepreneurs' decision-making procedures. They'll be more capable of assessing circumstances, weighing dangers, and coming at wise judgements.

Risk management: Astute businesspeople frequently manage uncertainty and take measured chances. The skill of risk management will be taught to students, who will learn how to combine creativity with a realistic awareness of possible obstacles.

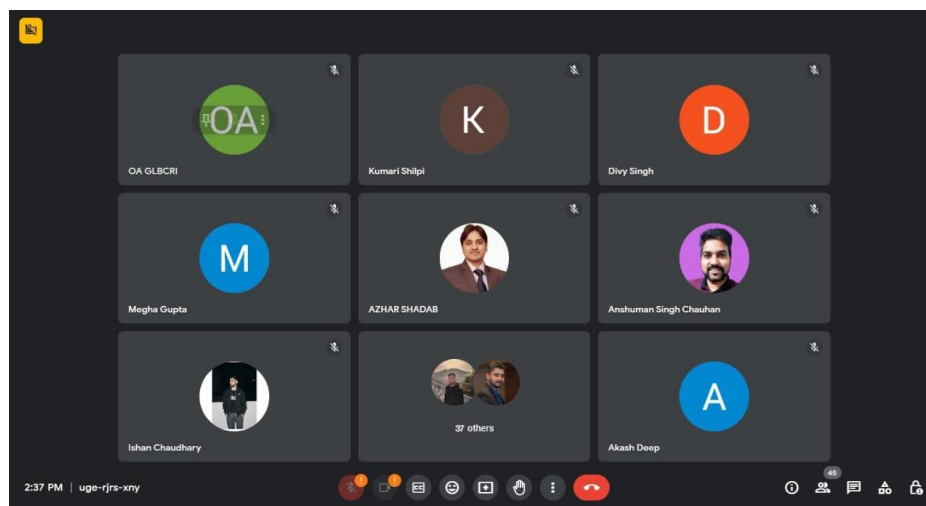

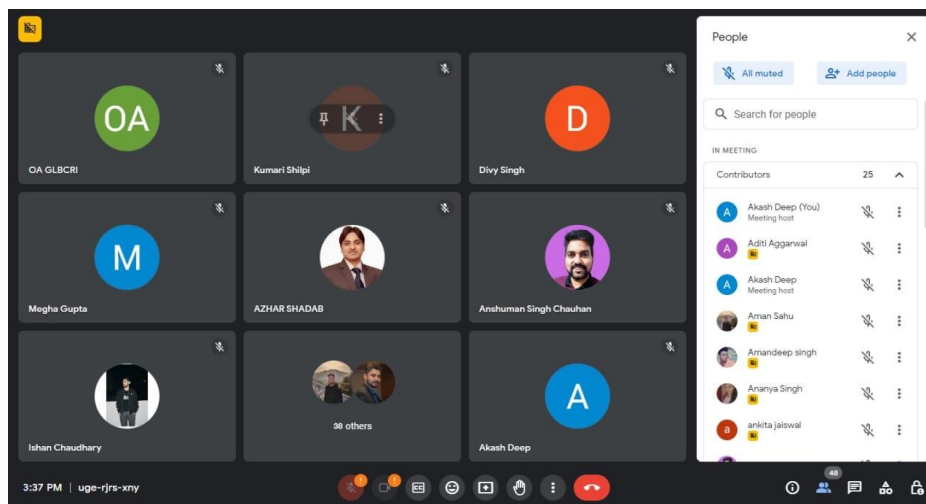

Entrepreneurial Networking: By highlighting the value of connections in the business sector, this workshop will inspire students to create and broaden their professional networks.

3. Session plan / brochure / document /overall report of event/activity

The goal of the life-changing Motivational Session by a Successful Entrepreneur/Startup Founder was to educate and motivate students about the nuances of entrepreneurship. The presentation, which included a successful entrepreneur, inspired and offered insightful information to the next generation of business leaders.

The main aim of the session was to provide students with an insight into the real-life experiences of a prosperous entrepreneur, highlighting the obstacles they had encountered and overcome along the way. The business owner related personal tales, emphasizing turning points and spoke about the lessons to be gained from failures and successes. Students were given an insight into the dynamic and erratic nature of entrepreneurship through this firsthand story.

The motivational session had numerous advantages. First and foremost, students felt more driven and determined than ever to follow their dreams of becoming entrepreneurs. The concrete success story acted as a lighthouse, showing that major milestones can be attained and challenges can be conquered with passion, resiliency, and smart thinking.

The lesson also emphasized the development of an entrepreneurial attitude in the kids, which promotes flexibility, inventiveness, and a readiness to take measured risks. The business owner stressed the value of innovation, lifelong learning, and keeping up with market changes.

To sum up, the students found the Motivational Session led by a Successful Entrepreneur/Startup Founder to be an excellent experience. In addition to being inspirational, it imparted useful knowledge and a resilient mindset that are essential for success in the cutthroat world of entrepreneurship. The occasion acted as a spur for students' professional and personal development, giving them the confidence and excitement to tackle their future aspirations.
