

PEER to PEER Learning on 5G Communication

A student of ECE final year Mr Abhay Tripathi batch (2021-2025) who is placed in Capgemni of carrying task on 5G is very reliable source of sharing knowledge on 5G. To advance self-development and promote peer-to-peer learning, a training program was conducted on 5G technology on VNGC Server with simulations. Second-year students actively participated in the 03 days' workshop and gaining knowledge about 4G & 5G fundamentals on cellular communication.

5G. Class.

by. Abhay Tripathi.
